Instructions d'adaptation: La mise en place de cette orthèse par le patient peut demander l'aide d'une autre personne. Il est conseillé de se mettre le corset d'hyperextension devant un miroir. S'assurer que le système de fermeture de tension se trouve en position ouverte.
1. Placer le corset sur le patient suivant le sens de la flèche collée sur la partie supérieure du corset.
2. Passer la plaque lombaire par le dos en soutenant la ceinture d'une main et le corset placé sur le corps, de l'autre. Il est conseillé l'aide d'une deuxième personne pour réaliser cette opération.
3. Sans lâcher le corset, introduire le pouce de la main qui soutient la ceinture dans le cordon bleu de la boucle du système de fermeture en plastique, en tirant, accrocher la boucle dans son logement.
NOTE C35+ : L'inclinação de l'appui sternal peut se régler (règlement discret de 6° en 6°).
4. Conclure la mise en place du corset dans sa position correcte avec l'aide des deux mains et procéder à la tension de l'orthèse en tournant l'anneau à sa position finale.

Attention:

- Le médecin traitant est la personne qualifiée pour prescrire l'orthèse et décider la durée du traitement. Le technicien orthopédique est la personne qualifiée pour conformer les fers plats et préparer le corset d'hyperextension en accord avec le contour requis et de réaliser la mise en place du produit.
- Pour une efficacité maximale, respectez la durée quotidienne d'utilisation en suivant les indications de votre médecin ou technicien orthopédique.
- Afin d'exercer un effet thérapeutique complet, utilisez l'orthèse avec une taille adéquate.
- Orthèse d'usage personnel et intrasférable. Elle ne doit pas être utilisée pour l'usage d'un autre patient.
- Cette orthèse ne doit pas être utilisée pour un autre usage que celui pour lequel elle a été prescrite. Ne pas permettre aux enfants de jouer avec ce dispositif.
- Vous devez informer à votre médecin si vous souffrez d'affections cutanées. Évitez l'usage de crèmes topiques durant le traitement.
- Sur les zones d'appui avec pression, la peau ne doit pas avoir de lésions ni être hypersensible.
- Ne pas porter l'orthèse pendant le bain, sous la douche, etc., à l'exception du modèle C38 qui peut être porté.
- Pour des motifs d'hygiène et de commodité, il est recommandé l'utilisation d'un vêtement en coton sous le corset.
- Vérifier périodiquement que la ceinture et/ou tendeurs soient bien tendues et ajustées (sans graisse, coupures, déchirements, etc.).
- Vérifier périodiquement que les vis n'ont pas perdu leur torsion initiale, dans le cas où ils se desserreraient, allez chez votre médecin ou technicien orthopédique pour qu'il vous les ajuste.

Carefully read these instructions before using the orthosis. For any doubts, always consult your doctor or the orthopaedic technician.

Fitting instructions

The patient may need the help of another person to position this orthosis. It is advisable to put the brace on in front of a mirror. Make sure that the tensioning closure system is in the open position.

- Position the brace onto the patient according to the direction of the arrow on the upper part of the brace.
- Press the lumbar plate through the back holding the belt with one hand and place the brace over the patient with the other. The help of a second person is advisable to complete this operation.
- Without releasing the brace, introduce the thumb of the hand that is holding the belt through the blue cord of the plastic buckle, pull and fasten the buckle. NOTE FOR C35+ : The inclination of the sternal support can be regulated (slight regulation by 6° each time).
- Finish positioning the brace in the correct place with both hands and tighten the brace by turning the locking lever to the closed position.

Precautions

- The doctor is the only person qualified to prescribe the orthosis and determine the duration of the treatment. The orthopaedic technician is the person qualified to shape the plates, prepare the brace according to the required contour and fit the brace.
- For maximum effectiveness, you should follow the indications from your doctor or your orthopaedic technician on the daily duration of use.
- For a complete therapeutic effect, you should use the correct size of orthosis.
- This orthosis is for personal and non-transferable use. It should not be used for another patient.
- This orthosis should never be used for any other use different than the one prescribed. Do not allow children to play with this device.
- You should inform your doctor if you have any skin conditions. Avoid the use of creams coming in contact with the orthosis during the treatment.
- Where pressure is applied, the skin should not be damaged or hypersensitive.
- Do not wear the orthosis when bathing, showering, etc.
- For hygiene and comfort, it is advisable to wear a cotton garment underneath the device.
- Periodically check that the belt and/or closures are tight and in good conditions (without grease, cuts, rips, etc.).
- Periodically check that the screws have not lost their initial tightness. If so, please contact your doctor or orthopaedic technician to tighten them.

Maintenance instructions

Wash with lukewarm water and a cloth. Do not use bleach. Wipe dry with a cloth.

Note: Any serious incident involving the product must be reported to the manufacturer and to the competent authority of the Member State where the user and/or patient is located.

Læs venligst instruktionerne grundigt igennem inden korsettet tages i brug. I tvivlstilfælde, kontakt da altid din læge eller bandagist.

Tilpasningsinstruktion:

Patienten kan behøve hjælp fra en anden person for at sætte korsettet på. Det anbefales at sætte korsettet på foran et spejl. Kontroller at spændet på lukkemechanismen er i en åben position.

- Placer Korsettet på kroppen efter pilens anvisning. Pilen er placeret på den øvre del af korsettet.
- Træk lumbalpladen bagom ryggen ved at holde bæltet med en hånd og korsettet på plads med den anden. Ved denne manøvre anbefales hjælp af en anden person.
- Uden at slippe korsettet, føres tommlen, på den hånd som holder bæltet, igennem den blå snor på plastspændet. Træk herefter i spændet og sæt det fast på nitten.
- OBS! C35+ : Vinklen på brystpladen kan reguleres (variabel ca. +/- 6°).
- Juster korsettet til en korrekt position ved hjælp af begge hænder. Afslut med at efterspænde korsettet ved at føre bagud til sin slutposition. Spændet låses ved at trykke det ned.

Forsigtighed:

- En læge skal ordinere korsettet samt afgøre hvor længe dette skal anvendes. En bandagist skal tilpasse korsettet til den ønskede form og afprøve det.
- For at opnå fuld effekt af behandlingen skal lægens anvisninger for hvor længe korsettet skal bæres om dagen nøje respekteres.
- For at opnå korrekt funktion skal den rette størrelse anvendes.
- Korsettet er udelukkende til en persons brug. Korsettet må aldrig overlades til en anden patient.
- Korsettet må aldrig benyttes til anden behandling end det foreskrevne. Holdes for børns rækkende.
- Kontakt din læge ved eventuelle hudreaktioner. Undgå at creme og deodorant kommer i kontakt med korsettet under behandlingen.
- Ved trykpunkter må huden ikke blive rød eller irriteret.
- Anvend ikke korsettet ved bad med undtagelse af model C38 som tåler vand.
- Kontroller regelmæssigt at bæltet og spændet er i god stand. (Uden snavs, revner og andet)
- For at opnå den bedste komfort og hygiejne anbefales det at anvende en bomuldsundertøje under korsettet.
- Kontroller regelmæssigt at ingen skruer har løsnet sig. Skulle du mod forventning opdage dette kontakt da straks den behandelnde læge eller din bandagist.

Vedligeholdningsinstruktioner:

Tør korsettet over med en klud opvredt i lunket vand. Anvend ikke blegemiddel.

Tør efter med tør klud.

Bemærk: Enhver alvorlig hændelse, der er indtruffet i forbindelse med udstret, skal indberettes til fabrikanten og den kompetente myndighed i den medlemsstat, hvor brugeren og/eller patienten er etableret.

Note: Any serious incident involving the product must be reported to the manufacturer and to the competent authority of the Member State where the den medlemsstat, hvor brugeren og/eller patienten er etableret.

Před použitím ortézy si pečlivě přečtěte tento návod. S případnými nejasnostmi se obraťte na svého lékaře či pracovníka ortopedie.

Pokyny k nastavení:

K nasazení ortézy může pacient potřebovat pomoc další osoby. Stabilizační korzet doporučujeme nasazovat před zrcadlem. Zkontrolujte, zda je upínací přezka rozpoznatá.

- Přiložte korzet na pacienta, přičemž věnujte pozornost směru šipky přilepené na vrchní část korzetu.
- Přiložte bederní oporu na záda a jednou rukou přidržujte pás; druhou rukou přidržujte korzet přiložený k tělu. Doporučujeme, aby při provádění tohoto úkonu pomáhalo další osoba.
- Aniž byste korzet pustili, vložte palec ruky, která drží pás, do modrého pouška na přezce plastového úponu, zatáhnete za něj a přezku zachytíte do jejího úchyty. POZNÁMKA C35+ : Máte možnost regulovat zážehná hrudní opěrky (jemná regulace po 6°).
- Poupavte oběma rukama polohu korzetu a následně ho stahovat postupným uzavíráním zátkovky až do zcela sepnuté polohy.

Čemu věnovat pozornost:

- Lékař je osoba způsobilá k tomu, aby předepsala léčbu a určila její trvání. Ortopedický pracovník je osoba vyškolená k tomu, aby správně vytvarovala pláty a nastavila stabilizační korzet podle obvodu na požadovanou míru a aby výrobek upravila.
- Maximální účinnosti dosáhnete dodržováním pokynů týkajících se každodenní doby použití, které Vám určí lékař nebo ortopedický pracovník.
- Pro maximální terapeutický účinek použijte výrobek správné velikosti.
- Ortéza je určena pro osobní použití a je nepřenosná. Nesmí je používat jiný pacient.
- Tuto ortézu nepoužívejte k jinému než přímo předepsanému účelu.
- Nedovoľte, aby si s touto zdravotní pomůckou hrály děti.
- Kontakt din læge ved eventuelle hudreaktioner. Undgå at creme og deodorant kommer i kontakt med korsettet under behandlingen.
- V komprimovaných místech nesmí být pokožka poraněná ani přecitlivělá.
- Ortézu nenoste při koupání, sprchování apod., kromě typu C38, který lze používat i ve vodě.
- Z hygienických důvodů a pro větší pohodlí doporučujeme pod zařízení nosit kus bavlněného oděvu.
- Pravidelně ověřujte, zda jsou pás a/nebo úpony správně napjaté a v dobrém stavu (bez mastnoty, neporušené, nepotřáhané apod.).
- Pravidelně ověřujte, zda jsou šroubky stále pevně utažené a kdyby byly povolené, obraťte na svého lékaře či pracovníka ortopedie, aby je znovu nastavil.

Návod k údržbě:

Omyjte jemným hadříkem a vlažnou vodou. Nepoužívejte bělidla. Usušte pomocí suchého hadříku.

Poznámka: Jakýkoli závažný incident související s výrobkem je nutno nahlásit výrobci a příslušnému orgánu členského státu, ve kterém uživatel nebo pacient pobývá.

Az ortézu használata előtt figyelmesen olvassa el az utasításokat. Ha kérdése merül fel, forduljon orvosához vagy ortopédiai technikusához.

Felhelyezési útmutató:

- Bia az ortézist a páciens helyezi fel, másik személy segítségével lehet szükség. A hiperextenziós gerincrögzítő fűzőt tükör előtt ajánlott felvenni. Ellenőrizze, hogy a feszítő zár nyitva van.
- Helyezze a gerincrögzítő fűzőt a páciensre, a fűző felső részére ragasztott nyíl irányát szem előtt tartva.
- Lezza át az deréklemezt a hátón, olzza át az ortézet a derék mödön, hogy az övet az övvel kezelve, a páciensre helyezett gerincrögzítő fűzőt pedig a másik kezével tartja. A műveletet egy másik személy segítségével ajánlott elvégezni.
- A gerincrögzítő fűző elengedése nélkül helyezze az övet tartó hüvelykujját a műanyag zár csatjának két szélájába, húzza meg, majd csatolja be a csatot. MEGJEGYZÉS C35+ : A szegycsonti támasz hajlása állítható (6°-onként diszkrét szabályozást tesz lehetővé).
- Két kézzel helyezze a gerincrögzítő fűzőt a megfelelő helyre, majd feszítse meg az ortézist a zárókar zárt helyzetbe fordításával.

Övintézkedés:

- Az ortézis feladásra az orvos jogosult, és a kezelés időtartamáról is ő dönt.
- A merevítő lemezek formázását, a hiperextenziós gerincrögzítő fűző alaknak megfelelő előkészítését és a termék igazítását ortopédiai technikus végzi.
- A maximális hatékonyság érdekében társas be az orvosa vagy ortopédiai technikusa által előírt napi használatú időtartamra.
- A teljes terápiás hatás elérése érdekében a terméket a megfelelő méretben kell használni.
- Az ortézis személyes használatra való és nem átruházható. Másik beteg használni nem szabad.
- Az ortézist a rendeltetéstől eltérő célra használni nem szabad. Ne engedje, hogy gyermekek játsszanak az eszközzel.
- Amennyiben bőrbetegsége van, tájékoztassa erről orvosát. A kezelés időtartama alatt az ortézissel érintkező krémeket helyileg ne használjon.
- A nyomással történő támasztás területén a bőr nem lehet sérült, sem túlérzékeny.
- Az ortézis fürdés, zuhanyozás stb. közben ne viselje. Kivételt képez a C38-as ortézis, amely vízben is használható.
- Higiéniát és kényelmi okokból az eszköz alá pamut hár viselése ajánlott.
- Rendszeresen ellenőrizze, hogy az óv és a feszítő pántok feszesek és megfelelő állapotban vannak (zsir-, vágás- és szakadásmentesek).
- Rendszeresen ellenőrizze, hogy a csavarok nem vesztették a kezdeti meghúzási nyomatékból; ezek megújítását esetén forduljon orvosához vagy ortopédiai technikusához, és kérje a csavarok megszorítását.

Karbantartási útmutató:

Langyos vízzel, puha ronggyal tisztítandó. Hypót ne használjon. Száraz ronggyal törölje szárazra.

Megjegyzés: A termékkel kapcsolatos minden súlyos eseményt be kell jelenteni a gyártónak és az illetékes hatóságnak abban a tagállamban, ahol a felhasználó és/ vagy a páciens él.

Lees deze instructies aandachtig voordat u de orthese in gebruik neemt. In geval van twijfel, raadpleeg de medisch specialist of orthopedisch instrumentmaker.

Instructies voor aanpassen:

- Bij het aantrekken van de orthese kan de patiënt hulp nodig hebben. Het wordt aanbevolen om de orthese voor een spiegel aan te trekken. Zorg er voor dat het sluitsysteem open is.
- Plaats de orthese op de patiënt in overeenstemming met de aanwijzingen van de pijl op het bovendeel van de orthese.
- Legg át de lumbale plaat op de rug door met de ene hand de band vast te houden en met de andere hand de orthese op zijn plaats te houden. Hulp van een tweede persoon is hierbij aan te raden.
- Gebruik de duim van de hand die de band vasthoudt om het blauwe koord door de kunststof gesp te halen zonder de orthese los te laten, trek aan en maak de gesp vast.
- Kenmerk C35+ : het kantelen van de sternumpelotte kan geregeuleerd worden (lichte canteling van 6° naar beide zijden).
- Plaats de orthese met beide handen in de juiste positie en breng de orthese op spanning door de ring naar voren te duwen.

Voorzorgsmaatregelen:

- De medisch specialist is degene die de orthese voorschrijft en de duur van de behandeling bepaalt. Het passen van de orthese dient door de orthopedisch instrumentmaker gedaan te worden.
- Volg de specifieke instructies van uw medisch specialist of orthopedisch instrumentmaker betreffende het dagelijks gebruik van de orthese.
- Voor het beste resultaat, dient u de juiste maat van de orthese te gebruiken.
- De orthese is voor persoonlijk gebruik en mag niet door iemand anders gebruikt worden.
- De orthese mag alleen gebruikt worden voor het doel waarvoor deze is voorgeschreven. De orthese buiten gebruik van kousen houden.
